I don't like that collage either - but maybe I'm biased towards the one Ms Daiquiris made ;) Got a print of that framed now. This one just looks...strange.

My Myspace has now been attacked by sparkle-sparkles & Andy Warhol effects.
haha.

Umm just save them onto your computer, and do what you normally would.

Since I used lunapic.com , not sure if you'll want to credit them. Don't know how all the using of other cites goes.
