Apart from them being blue Cas 😊 but I know what you mean. I think the one Clive posted looks more like Angie Dickinson than Dusty! The pose is right though.

It's quite a nice picture Cas, except for the fact that the artist didn't do their homework on the eye colour. Nevertheless, it is very attractive and I'm sure it will sell.

This is nearer the colour. I know it is hard getting it exactly right, but a Dusty fan would know they were green wouldn't they. So he/she is probably not very knowledgable about Dusty. I think this is the nearest I've ever gotten to getting the colour right myself, after numerous attempts.

I did wonder who would be the first to notice that! I was just looking for a response really and I got it! I think the artist has really captured the look, and will be maybe kicking themselves that they got it slightly wrong! 🙄

Dusty was one of the 1000 icons in South African artist Alex Hamilton's exhibition 'Cast & Crew'

"A dazzling collection of 1000 works of art celebrating popular culture and iconography which celebrates the phenomenon of celebrity and fame. Drawing inspiration from contemporary society's fascination and obsession with popular culture and iconography, visual artist Alex Hamilton has produced an overwhelming 1000 hand-cut stencil portraits of the most influential popular icons to date -including 300 of South Africa's very own.

Hey that's brilliant Cas, it's very Dusty, and an excellent sketch. We've all got different styles, I'm not able to doodle, I don't even doodle on telephone pads or anything like that. I'm stunted. A really good job on the jumper too.
