its dusty, apparently the PSB performd with a back drop of dusty, as opposed to their performance at the brit awards where they sang WHIDTDT and at dustys bit lady gaga appeared and i nearly died of rage on the spot !

Oh right, I see. I've never heard anything by Lady GaGa, at least I don't think I have.

I've only heard her once. My reaction was "ehh, not bad. Sounds a little like The Eurythmics."

I just read that a band from Texas called the Strange Boys performed Dusty's SOAPM at Glastonbury. Lady Ga Ga is the hottest thing going now it seems. However, to me it is style over substance. I wonder if the PSB were pressured into working with Ga Ga to make them seem more current. That is the only reason I could think of for replacing Dusty.

I didn't even know that the PSBs were playing Glastonbury!.. I saw them at the MEN arena late last year and they didn't tell me.. 🤔 😊

They did sing WHIDTDT with Dusty's backing on a screen...It was WONDERFUL!.. 🗨️ ❤️

I assume that this is what they've repeated at Glastonbury..

As for Lady GAGA well I quite like her 'Pokerface'.. but then again we can't *all* be pretty. 🤔 😞
'nuff said. 😊 😊

Oh I am dumb sometimes. Of course I've heard 'Poker Face' & 'Telephone' & the new one that sounds like Abba.

So Lady GaGa has sung Dusty's part in 'WHIDTDT'. Well I hate 'SOAPM' but if it helps keep Dusty's legacy alive so be it and I imagine that this will do the same. I think that the PSB's are just sending out their love for Dusty.

I just watched the whole show on i player, its there for a week Neil. what a great performance, and yes Lady GA GA confined to LA LA LAND 😊

he sang to a wonderful full height screen backdrop of Psychedelic colourful imagery of Dusty doing her vocals and then at the end he said, "GLASTONBURY TONIGHT WE REMEMBER THE WONDERFUL, THE LEGENDARY DUSTY SPRINGFIELD" 🌹

There was a huge cheer from the crowd so at last Dusty gets her rightful place on the song on stage and at a great live venue, FAB. 🍷🍷

Boohoo.... 😞 BBC's iPlayer is not "available in my area". So I can't see PSB. And the radio programme was an old one, no Dusty on it... 🗣️

I hope someone will post it on YouTube soon!

OH MY GOD!! I am in floods here, i cant believe it, it was so so wonderful, to see her and to see the crowd, and when they cheered at the end i just burst into tears, a glastonbury crowd cheering for my Dusty, oh mr tennant, you are 100 million percent forgiven, with brass knobs on. What a wonderful way to end my week with nancy. I need to go and have a proper sob now.

Just been watching it on iplayer.

Thank you PSBs and the nice thing was ..the audience were singing along with her and cheered loudly when Neil acknowledged her.

Can you just imagine if she had played Glastonbury like Dame Shirley..wouldn't it have been great.

Fantastic. How wonderful to see Dusty at Glastonbury! 😄 I'm so pleased that the PSB included Dusty's vocals for this event rather than having a guest performer.

Thank you Carole for the link.

🤔 Yeh Hampson!

I couldn't watch it either. The message said the i-player BBC-TV show could only be viewed in the UK. 🤔
