### Heart and Soul cd (#p50242)

by **john 1** » Mon Mar 07, 2011 7:15 pm

I was wondering if anyone knew where I could find the "Heart and Soul" cd album? It seems to be a very rare one, with a lot of tracks I haven't heard.

It appears to be both now very rare & expensive. Amazon & CD Universe have copies and there's one currently on eBay.

I got a sealed copy of eBay for FAR less a couple of years ago. Perhaps it is a matter of luck and timing to find a reliable seller who has a copy at a fair price!

There are a few advertised on Amazon.co.uk, but only one that is actually shipped from the U.K. and that is £48. plus postage! I'll just keep checking every now and again and I may get lucky one day. 😊

I guess I was lucky. I bought a copy last spring for around 12 bucks or so. I wanted it for the live version of "Up On the Roof." I know where you're coming from; I had been trying to get a copy of the cd "Beautiful Soul." Everytime I would find a copy on Amazon it was expensive. I had given up hope but I liked to go to used record shops. I always check the vinyl and cd racks for anything Dusty related and much to my surprise found a copy of BS. I paid eight dollars for it and it was in perfect condition. Do you live next to any used record shops? In the past year I've lots of her old albums and some compact discs as well. This might be something for you to try if you have access to these stores.

There are very few record shops around my area, in fact only one, and that doesn't tend to stock the kind of music I like, 50's/60's /male/female vocal etc. I regularly visit ebay and amazon, plus musicstack and gemm too, but I do tend to shop around until I get the best deal, if and where I can. 🙄

some of her cds are really expensive but if you keep looking you should find these. I got a few on music stack and amazon and e bay do sometimes have good prices too.the two cds you are after have always been on the expensive side.sometimes they ask daft money on e bay and then they dont sell and then can appear at a more sensible price. good luck. 😊

If anyone would like, I can burn the tracks onto a CD and ship it to them. I've got both 'Heart & Soul' and 'Beautiful Soul'. Although it isn't quite the same thing as having the actual CD of either one, the songs are still the same :)
