Helen basically talks about knowing Dusty when The Springfields were together, and that she remembered talking to Dusty about her initially not knowing what to do with her arms/hands without having the boys on either side of her onstage - "but she clearly got over that". Then she says she was one of the greatest female singers.

I saw Helen on her tour with Humphrey Lyttelton a few years back. Her voice is as strong as ever :)

The interview lasts just over one minute. You can download it from here as an mp3:

Thanks Cor, much appreciated. 😊

🙄 I didn't know that Helen Shapiro was touring again Michael. She disappeared so completely from the scene when she got married. Great to hear that her amazing voice is still as strong. 🍏

I remember when she sang in a Church in Newbury, about 20 mins away from me, I wished I'd gone and seen her! I had the opportunity 🙄

Matt.
