Well my friend finally managed to put something together but it wasn't easy. I hope that you will appreciate his efforts 😊

A very interesting and original Combo, John.. Just went slightly awry towards the end(on my PC anyway)..

Big thanks to you, and your friend, I really enjoyed it. 🍷 😊

thanks for that John, and it reminded me of how good she was singing that live too.what a voice and what great range she had in her prime.

An interesting combination John..thank your friend.

I love both these pieces and never thought about them being together before.

I'll never stop lovin you, should have been a single...released at the right time in the 60's I'm sure it would have been a hit.

Twas a good live performance.

I think that it was you Cor that put the idea in my head. I sent the tracks to my friend a few weeks ago then forgot all about it as he said that he didn't think it would be possible to match them up. I know it's not 100% perfect but it's fun 😊

Yes, twas me! Thank BB for doing that -- I just listened and feel ready to put on my marching boots and start the day! I'll share it on the LTD FB page.

BTW I rented Dam Busters a couple of weeks ago and watched it (as Allison decorated the tree 🙄) -- pretty good film, especially as I kept hearing INSLY all through it. I even had Allison singing the theme by the end.
