The "beehive" pic of Dusty seems to have become the most iconic image of her but there are others. What do you think is iconic? Not just your fave pics, but the ones that make that lasting impression.

A couple from me....

The first one is THE most iconic Dusty look for me - The Lady Penelope character from Thunderbirds MUST have been based on that look!

On work comp so can't upload any more image suggestions right now, but I will check my files for candidates.

Good thread Ms Carole x

My personal choices for lasting impressions. The original photo from the cover of the 1st edition of DWD. Dusty's taking care of business look. A direct gaze; simple, classic, iconic, timeless. Plus the cover shots for 'A Girl Called Dusty' 'It Begins Again', and 'Definitely Dusty'.

I fell in love with Dusty's voice through 'Cameo' which had a tiny photo of Dusty on the back and then 'See All Her Faces' - another tiny photo. It was Dusty's voice and not a combination of her voice and image that made the biggest first impression on me. So I'd have my avatar pic (see all her faces) as well to mark those very impressive first hours alone with Dusty.

Oh now this is a good idea for a discussion!

I would offer two suggestions for iconic images.. The first would be 'early Dusty' from the late Sixties..

And the second would be Dusty much later in her career, round about the Eighties..

I chose these two particular images because I suspect they will each be iconic to a particular generation, although conversely, may not be iconic between those generations.

And I have to agree with the first image posted here, which I have no doubt is indeed widely felt to be iconic.

A chat off set between TOM and DUSTY SPRINGFIELD

These are my choices.

Like all of the above, though a little confused by the Dusty and Tom one Casx 😊

No denying how iconic these two shots are, which is probably why they were chosen.

JOSH 😊

There is a garden
Something like the shadow of a butterfly
And lies beyond the gates of dark and light
And darling, it belongs to me

And as we know, the PSB's obviously thought the same about Josh's third pic.

I think Carole means she's confused by "chat between Tom and Dusty Springfield." I mean it makes it sound like a chat between Dusty and her brother Tom, not Tom Jones. Yeah.

One of my iconic favs is the first one of Josh's, in the shimmering gown, and Carole's picture too. Although I suspect that almost any picture of Dusty's could be iconic really. It's just that some are more iconic than others.

Although I love all the photos, the one that give me the "arrested by you" feel is the second of Will's images. That "older" shot is absolutely stunning. 😊

I was actually wondering what made Cas choose that one as iconic Wendy but maybe she just liked it!

Oh I got it wrong as well then Carole. LOL After reading it, I was looking for Tom Springfield in the picture, only to see Tom Jones.
