Just read in the Times that Johnny Pearson has passed away aged 83. He was the arranger and director of music on Dustys BBC tv shows in the 1960s. I believe that he provided the piano accompaniment to Dusty when she sang 'Peel Me A Grape'. Sadly another link with Dusty gone.

 R.I.P.  Johnny Pearson

"Peel Me A Grape" will always be one of my favorites.
His talent for music is what I wish I had.

And yet another great musician and arranger has passed.
He was truly talented and a lovely person,
He was a man who I dealt with on a lot

of occasions for Dusty.
I considered him to be my friend he will
sadly missed..

R.I.P. Johnny. 📱 🌹
