JUST DUSTY (DVD) question (#p80974)

by **Kyles Beguiles** » Mon Nov 28, 2011 4:26 am

Can anyone tell me more about this product? Is it similar to the *Once Upon A Time* DVD featuring interviews and full live performances? Does this contain any exclusive or previously unseen footage, or was it just intended to be a little "bonus" companion to the *Just Dusty* CD?

I believe this was not released in my territory (U.S.) so I would have to order it as an import and I wasn't sure if it would be worth the expense. Thanks in advance for any insight!

I'm happy with my copy ! 🎧 I think a booklet should have come with it (not sure). I bought it used on Amazon.

Lots of extras, interviews, and great performances not in *Once Upon A Time* 🗣️ You won't regret getting it. 🍏

(note:) Remember if an import won't play in your DVD player 🏠 it will in your computer, or a region free player. 😊

It sounds dreamy! The performances you mention- which are they, and are the performances

complete or snippets? Thanks again 😊

This has been bugging me for a while, but what is 'Tea with Dusty' exactly?

It's hard to put into words what it "exactly" is - how about "It's a group of people who turned out to

be her non-friends sitting around in a kitchen blathering nonsense only vaguely related to Dusty and having another right good laugh at her expense".

There, that about does it.

Maggie's got it right.

Another way I'd describe it is simply "filler."

So Dusty isn't even there and its just something they put together? What a waste of time!

🟢 Yeh ! The *Tea With Dusty* thing is a shameless sham, (gossip) but IMO you have to see it. You may read about Lee Everett, but seeing is believing.

Another delight is Dusty's "Love Power" (it's the greatest power of them all). 🍷 And there are some other tid-bits not on other DVD's like the "Hits Medley" Where Dusty says, "It's good to be back", and a fan in the audience exclaims, "It's good to have you back !"

P.S. Thanks for the liners Frans.

I do think Just Dusty is a very worthwhile DVD to have, I like the way the story is told and there are full length clips. The Tea With Dusty part makes me cringe. Skip that bit.

The participants in *Tea With Dusty* are the "healer" and her stooge. 🤪

Lee Everett and...Shemp Howard? 🤔

actually, it probably would've been enjoyable with Shemp...

I just spent a very wet afternoon with Dusty, which is no bad thing 🤪 I decided to watch "Just Dusty" again as I hadn't for quite a while. Every time I do watch it, I get weepy at the end! I mean, come on, it's not like I don't know what happens. I do like the way this DVD tells her story chronologically with help from Dusty herself, Keith Altham, Mike Hurst, Frank Allen, Ray Connolly, Tris Penna, Pat, Simon, Vicki etc. They all have such lovely things to say about her. The main part doesn't have any full performances, but many good clips like for instance with Mel Torme and the RSG Motown show, and I feel that use of photo's throughout is especially good, they fit well with the story. For Kyles who first asked the question, the full clips are:_

I Close My Eyes and Count to Ten

Love Power

Wishin and Hopin with the Merseybeats

IJDKWTDWM

Brand New Me from David Frost

IOWTBWY from Aspel
Heart and Soul with Cilla
In Private from Dame Edna
Sisters with Dame Edna
Reputation
Hits Medley from Live at Her Majesty's
Quiet Please from Live at Her Majesty's

There is also a section of anecdotes with all the "talking heads" that were too long for the actual main part.

Many thanks for the tracklisting, Carole!

I am surprised at the inclusion of the Live At Her Majesty's performances as many consider that to be a low point in Dusty's career.

There's also the Mother's Pride TV ad hidden at the left of a song.
