You may remember we recently offered a DVD of a number of Dusty's performances from her later years (all monies to our causes) and I see that one of the interviews from it has now been uploaded to Youtube. So if you didn't buy the DVD, you now have a chance to see the clip for nothing, and if you did buy the DVD, then thank you 😊

Wasn't born to follow

It's kind of a shame the clip was posted when the DVD was being sold for charity :(

This is one of those interviews that, if you haven't seen it before, you'll think you have, as so many quotes have been lifted for the books. It's not deep and meaningful in any way and one of the best bits is where she says

her backing singers couldn't sing (instead of read) music before quickly apologising to them 🙏
