Let me Love you once before you go (#p87590)

by **Jonathan** » Thu Feb 09, 2012 3:33 am

Just wanted to say; though this might be the wrong page! Dusty's vocal on Let me Love you Once before you go is stunning! She is so accomplished and sure of what she is doing, I remain in awe!!

I love it as well. It should have made more impact on the singles charts than it did.

If I am not mistaken, this was the first solo song she recorded after the aborted *Longing* sessions. Although her voice had mellowed over those few years, she still sounds very much in control as she flutters and coos the lyric so beautifully.

This is a beautifully written song, lyrics and music, and Dusty's voice is like silk. I think my first hearing of it was on Something Special, still one of my most often played CD's (well, 2 CD's). I love so much of the music Dusty made in the 70's and so often it gets overlooked. You're on the right page in more ways than one Jonathan 😊

Ha ha, Carole! I heard this on the radio before it was withdrawn. Never understood why.

Jonathan, Back in Sept. in our "DUSTYS' VOICE" Thread, I posted -"Puts chills up my Spine" -"This is possibly the most Beautiful song I've ever heard" -- It's 5 months later & I still listen to it Every Day (set on Repeat) ...The Magic of DUSTY 🌹 Continues... 🎵

Gorgeous. Lovely. Dreamy.

And I agree with all of the comments- it's such an emotional performance, yet a very confident vocal.

LOVE at the end of the 2nd refrain, when Dusty goes "AAAAAAHHHAAAA..." & the backup singers come in.

I'm officially done at that point. 🌹 🙄 🤔

@Joe- the difference in her voice between the *Longing* sessions (a bit less than 3 years earlier) and here fascinates me to no end. It's a more delicate sound, but the emotional resonance is still there.

Had UA got behind this in a big way (although i understand why they didnt, considering Dusty wasn't in a position to do promotion for it), this definitely would've hit big. Sadly it stopped at #110 on the US pop chart.

This one's one of the ones I loved instantly and played on repeat. Dusty's voice fits it perfectly and I love some of the lyrics and how she phrases them. Definitely agree about the underrated 70s stuff! I'm trying to remember which CD I first heard it on and I can't think! I know it was either the track before or after 'You set my dreams to music' and I always used to skip to 'Let me love you once before you go' cos it was my favourite. Gonna have to check which CD it was cos it's bugging me now!

Must have been Anthology. What else is it on apart from Anthology, Something Special and Look of love (with the eyes)? Is that it? 🤔

LMLYOBYG has always been in my top ten favorites of Dusty songs.

Annie and I spent an hour or two listening to it and talking about it over a bottle of wine a few years ago, and I wrote something about how the song brought out my protective feelings toward Dusty.

I love the gospel groove; the backup singing is just heavenly!

Markus, I know the very moment you speak of, and it has the same effect.

SO many of Dusty's recordings are obscure and underappreciated--a perfect example here. I want to put it on repeat about 20 times right now, if only I didn't have work to do.

After listening to all three takes on this song, I spent most of yesterday singing it both to myself and out loud. 🙄😬

No wonder we had freezing rain all day yesterday. 😞🎵😊

I have always listened and loved this song on Something Special which is a lovely CD. It is one of many under rated songs she recorded in the 70's.
