I attended the "get-together" in 1993 organised by Lynn Jackson in London. Dusty did not attend but sent in a video message. Does anyone have a copy? Similarly Lynn was taking orders for Dusty "plates", I believe made by Royal Doulton. Did anyone buy one of these? Are there any available that I could buy?

I don't know anything about the plates Wally but I do have a recorded message from Dusty that was used to end the nights at a few Dusty Days. I guess that's the one, I'll have a look later.

I just realised that you said 1993 Wally, I don't know of anything for that date. The one I have is from 1989, but as it was a DSB gathering, not DSI, then it's probably not what you're looking for. Sorry.

The DSB message is the one where she said her hairdresser had let her down, right? The one Colin used to play at DD?

Aw I'd love to see that video message from 1993..... 🙏
