Didn't know where to stick this. Today is the 26th anniversary.

I got a kick out of seeing Dusty having the #1 song in the United States and thought you all might as well.

This is from Cashbox magazine.

Cool, Markus, Thanks.

It still stacks up well against its competitors on the charts then and now. 😊

But for Rick Astley, they'd have been at no.1 in the UK too!

Rick Astley, another distinctive voice. I would have liked to have heard Rick and Dusty sing a duet.
