Does anybody know what was Dusty's favourite subject when she was at school ?
Did she get any GCE's ?(were there any GCE's in those days!)
We all know she went to a convent school, but did she go to a different primary school ?
I wonder if she ever had 'platts'...like Pansy Potter ? 😊

Carole G - over to you!

Brian

Of course she had "platts"! And "ringletts" too. And she could sit on her hair 🍷 Schools? Well As far as I know Dusty went to The Sands County Primary and St Bernard's Convent both around the High Wycombe area and then St Anne's Convent School in Ealing. She probably did do GCE's, they started in the 50's but don't know how she did, though I know there are school reports out there. I'll bet her favourite subject was Geography.....as long as she wasn't having to learn about the Russian Steppes! I swear that topic dominated at least a year of Geography for me and nearly did me in.

Thank you Carole.....when are YOU going to write a book ? I'm sure you know so much from a fans point of view, it would be great.
Most 'writers' sit and drink wine for inspiration ! (well known fact)

Brian xx
