From which year?

I wonder from which year this photo approx. is? Dusty's hairstyle looks like it's from the IBA era, but since Norma is in the picture too, it should be from the 60s...?

My guess would be that it's from the 60's. We didn't see much of Dusty 'out of costume' at this time...it wasn't until the 70's and beyond when she seems to have weaned away from the wigs and look more au natural. so, this is just a pic of Dusty & Norma jamming at home...It's amazing the transformation that takes place without hair, makeup, eyelashes & fancy dresses. 😊

I know that in DWD this photo is captioned as being at Aubrey Walk, which would mean late 60's or very early 70's, but I don't believe that for one minute! Dusty never showed that hair do until later in the 70's, in the latter part of the 60's when she did show her own hair (not often, I know), it was never like that. Other things, the outfit Dusty is wearing is not 60's and Norma looks a few years older than she does on the picture taken at Pat's wedding in 1970. Dusty's hair is her own on that picture. I don't know how much they kept in touch when Dusty moved to the States, perhaps as Annie interviewed Norma, she may know the answer to that.

Thanks Carole for wording all my thoughts on the subject!

She does look similar in pics of her in The States with Sue Cameron , so like you say kept in touch. in 70's [just have some of these pics in head from different books] clothing didn't seem right to me either. but Carole has more info.

of course Carole is right. It's obvious that they both look older than the photos of themselves in the 60's. what was I thinking?? It's nice to think that Norma visited Dusty in California...hung out in the basement..jamming...Norma on drums and Dusty on tambourine....I wish I was invited over. 😊😄

Like most people, I believe the printed word and doubt my own judgement. 🤔 So it seems Norma and Dusty stayed in touch once both had moved (back) to the States. Isn't this a new piece of information? I certainly didn't know it (not that that means a lot).

I have also wondered from which year this picture is 🤔
Interesting information that it is from the 70's.
They are looking so relaxed here 😊🎵

This picture was taken at Pat Rhodes' wedding in 1970 - April I think. I know because I was there. The man in the picture I think is Pat's husband, Tony Rhodes.

Andy, the guy in the wedding pic is actually Peppi Borza.

I remember seeing that pic in *DWD* and realizing the caption couldn't possibly be correct- it has got to be from the 70's.

regarding Norma keeping in touch with Dusty in California, doesn't *DWD* mention that Norma visited her in the hospital after that ugly altercation with Tedda?

I think I recall reading that, but I'm at work right now so i can't confirm...

Sorry Carole, I thought that was Tony. I didn't go to the wedding but was out the front when everybody arrived and went out the back with Eileen Nairn to take photos afterwards. Were you there and have you heard from Eileen since those days? I have been trying to trace here since then but to no avail.

I am not sure but the hairstyle suggests to me that it is the 70's. I saw Dusty in Sydney in 1969 when Norma was with her and that was not the hairstyle she had then. As someone has said, from the 70's she stopped using wigs and had her natural hair I think.
