I am not sure if there is already an answer to this question within another thread or not and if so sorry: What performance/TV Special is the green outfit from where Dusty sang IDWTHIA, I believe from 1969? Is it on Youtube? If not, does footage exist? I see stills from it on other threads. Thanks. Sean

The photo is a still from Gala-Abend der Schallplatte (Pop) Berlin 1969, Dusty was in great voice and supported by a big orchestra which seemed to bring out the best in her. The venue on the other hand, was like a huge, soul-less gymnasium! She sang Come Back to Me, Son of a Preacher Man and I Close My Eyes and Count to Ten (but not IDWTHIA). I wouldn't imagine it's on YouTube as there would be a copyright issue but it is available on the Dusty in Deutschland DVD.

She did wear that outfit on The Hollywood Palace TV special hosted by Robert Goulet. On that show she did perform (mimed?) IDWTHIA, plus SOAPM and sang a duet with Goulet.

Wow Carole, that is amazing! Your knowledge of Dusty's appearances, I mean. 🙌👉👈👉👈

Did you just take that off the top of your head, or did you have to look it up?

Some things stick in my head more than others Donella! Plus, I've watched the DVD recently. I did have to check back for the spelling though 😊
