Here's a list of Lesley Duncan's appearances on Dusty's recordings, lovingly put together by a fan on MySpace. (And my guess is that the original source is the bible. 😊)

The Dusties

This is an appendix to the list of Lesley Duncan appearances and credits on recorded material:
The Dusty Sessions!

Lesley was involved, with Madeline Bell, Kay Garner and others, in a huge number of sessions with Dusty Springfield - many of her recordings during the sixties and very early seventies involved Lesley in some capacity. The real novelty here is the Springfield / Duncan / Bell composition "I'm Gonna Leave You".

Awesome!

i love seeing recording dates.

coincidentally, two of my favorites ("How Can I Be Sure" and "Go My Love") were recorded on the exact day, month and year my BF made his entrance in this world...
