Was Dusty ever pictured with ?

Have you ever seen any photos of Dusty with either Cliff Richard or Sandie Shaw?
I don't think I have ever seen any, just seems strange as they were all among the biggest UK stars of the sixties and I would have thought their paths would have crossed frequently on TV shows, tours etc.

Also any other stars you are surprised Dusty was never pictured with?

Food for thought Clive! Can't recall any of Dust with Sandie or Cliff, but there could be.

Oh yes, good topic, Clive! 🤔

Can't hope for a pic of Dusty and Aretha Franklin, can we? With Aretha being Dusty's biggest idol - did the two ever even meet???

And are there any pictures of Dusty with B.J. Thomas or Daryl Hall? They sang duets, but did they actually meet.... ?

There is definitely one with Daryl Hall, Cas may find it before I do 😊

Dusty and Aretha had a chance meeting in the elevator in Atlantic Records in NYC. Dusty was too intimidated and shy to acknowledge her idol. Aretha, it is said, when seeing Dusty in elevator, looked at her and said "Girrrrrrl..." in acknowledgement. I wonder, did they get off on the same floor? I can't imagine that Dusty never managed to see Aretha in person. I wonder if somewhere in her travels she attended an Aretha concert.

It is strange that no photo's of Dusty are around with Cliff as they must have been on the same bill many times, same goes for Sandie too. There is the photo of Dusty with the Shadows taken when they were on the Palladium, I presume with Cliff, so maybe others were taken at the same time.

Although there are photo's of Dusty and Petula taken at San Remo, Pet often tells the tale of her and Dusty being in the dressing room there and having photographers taking sneaky photo's. I'm still waiting for those 😊

Thanks Carole, maybe some photos will turn up, as you say they may be out there.

Ed mentioned above about whether Dusty saw Aretha in concert, I'm sure I remember reading that Dusty went to see Aretha's concert in London in 1968, I'll need to have a look and find where I saw that.

Cor this is the only photo I know of Dusty & Daryl Hall, I'd love to see a better version of it.

Yeah Ed, I remember that now. Cute to imagine Dusty being star-struck! 🌟

And I'm happy there's picture proof of Dusty meeting ED! 🤔

Clive - isn't it strange that there aren't better/bigger publicity photos around of Dusty and Daryl.... 🤔 I mean, they did release a single together.... 🤔

Re: Was Dusty ever pictured with ?

MARVIN GAYE!!!!!!

i know they both appeared on the same TV show (I think it was Hullabaloo) but weren't actually pictured together.

i also wonder if there's any pics of Dusty with Diana. The Supremes were on TSOM special, and i also think they were on the bill at the Brooklyn Fox when Dusty was there. I've seen Dusty with the Ronettes and the Vandellas, of course. But I don't recall seeing Dusty & Diana in the same frame.

This weekend I saw a picture of Cliff and Dusty together. I don't have it to show you but it was taken at the Grosvenor House in 1979. They were there, along with many famous faces, for the Commercial Radio Awards.
