i recently saw a live performance by dusty of "your love still brings me to my knees" and at the end of the song, she leans against a pillar and FALLS...no one seems to come to help her or see if she is okay...it doesn't seem reasonable that the fall was planned but i'm just wondering if anyone has more information...thank you

Hi Christine. welcome to LTD. Be assured you will always get an answer to any of your questions from somebody. Re "Knees" Dusty was a friend of Kenny Everett and his wife Lee. Rest assured this was a gag between Dusty and Kenny, Dusty loved "goonish" humour and she would have entered this gag willingly, and it would have been well rehearsed.

wow...I watched it many times and it seemed planned...she seemed to push the pillar and the fact that no one went to her aid, but then I would watch it again and it seemed like an accident...I had read she loved "goonish" humor but since I've never seen any I thought it was more verbal than physical...maybe making faces but not falls...thank you for clearing that up...

I'll bet she loved doing that performance on Kenny's show more than any, she could let herself go, and anyone going on Kenny's show expected to get abused.

LOL!!!! That is hilarious!!! 😂 Someone on here has a gif of her falling as their signature and I kept wondering what the deal was with that. I am glad to know now!

dustyfan92...I, too, saw that gif the first time I came in here and I was so confused...I could not believe that anyone would find it funny that dusty fell and possibly hurt herself...now that I have all the information, it just makes me understand what fun and a good sport she was...all that AND that voice...wow

I chose this gif just because I find it funny. 😊 If it had been an accident, I would have chosen another one.

I have to say when I made that gif, that was the first time I'd seen the video... 😬😬 Oh yeah, and I sped it up so she didn't really fall that fast. 😊

You guys can request gifs for me to make if you like. 😊 Not this week though, I have a deadline on Friday. 🙄

That was funny! When I first saw the gif, I was like, OH my God! But now I can see that it was rehearsed!

LMAO! 🤪🤪
