Good afternoon all!

Sorry its been some time since my last post. I hope everyone one is well and enjoying the beginning of the Easter break!

I came across an article on Michelle Collins this week in The Guardian from the 'Pieces of Me' section and where she showed three of her favourite albums there was DUSTY IN MEMPHIS!

This is what she had to say:

"I tend to play troubled women. Why do we find them fascinating? We're not interested in people with perfect lives, its very sad what has happened to Amy Winehouse... I have had a fascination with Dusty Springfield for a long time. I am determined to play her"

There you heard it folks...she still wants to be Dusty!

Without wishing to sound really dogmatic I really think Michelle Collins is our girl, she looks like Dusty and those of you who know how she speaks might well agree with me there is no one else who might be able to pull it off!!!!

Lets keep our fingers crossed!

Neil 😊

Sorry Neil, I have to disagree! I don't think that Michelle looks anything like Dusty, she has a much sharper face, with no similar features. I've thought the same since she first announced her intention to play Dusty and now that she's older still, there's no way she could manage to look like a young Dusty. I'm sure there are many girls out there who could be teased into a good Dusty impersonation, as long as they don't want to sing too 😊

I still think that young girl from corrie who played violets sister, would make a perfect dusty!
