Discussion with Carole re photos of Dusty on stage having different Dates and venues written on the back...so out with the pics again and sure enough look very similar but.....it will be possible to check it out in the book if someone has time 😊 The first pics Manchester Oct. 3rd '66 the second lot Liverpool 5th Oct '66 🇬🇧  
Looking at the pics they do look different in a way ...check out the curtains the long downward one is not central on the different venues 🇬🇧 I honestly don't know. What can you all come up with please 😊

Ah, but the only two I now have are the bottom two and they have different dates on the back, one Manc and one Liverpool! Now I sort of understand why our conversation was at cross purposes. How weird, the backdrop is the same but the stage front isn't and I don't think it's just that they were taken from different angles. Dusty did play both those dates, that's in the book and I'd say that the bottom ones are Liverpool and the top Manchester. Does it say that on the back of yours?

Dear confused of Stockport 😊 If you read the first post I sent you will see that indeed the first two are Manchester and bottom two are Liverpool according to what is on the backs.
