This poster appeared around the lanes of leafy Harpsden and Simon raised some money for charity by selling copies of it at Dusty Day a few years back. It was too big for the scanner but I got the important bits in. As we all know, Nicholas was found, but I'll bet Dusty was worried silly, animals have a habit of doing that to you.

As the address is Dusty's last one, then I'd guess it was 1998.

She must have been worried sick 🤔

Does anyone know any more about the circumstances??

Just wondering... where was Nicholas found at last? Or did he return home himself?
