Ina photographed Frogmill and the neighbours didn't shoot her?! 😱🐾

Love Frogmill.....hate the other place.
It is so NOT Dusty but still probably cost a fortune in that area.
I know there was supposed to be lots of garden to the rear and may be it was one of those places that looks better inside than outside.
Having said that it is still better than where I live although my excuse is my house was built in 1898.
Was Dusty's house at Frogmill the one with the big window on the side?
Now I can imagine a wonderful interior there and that place must have cost a fortune!
