Cas, I so envy you, Carole and various others for having seen the great lady live - that must truly have been something wonderful. In all the clips I have seen of her performing, she has real star quality.

I travelled to London on the train for this concert at the Wembley arena - think I was just 17, and what an adventure in those days! I was sitting at the right hand side of the stage (as you look at it) and got several photos of Dusty which I treasure with my other Dusty possessions - what a fabulous day it was too!

Can't agree with you more Will! If only we could time travel back to those days and see her live. 🙄

If memory serves me correctly, Dusty was about the only one of the performers who was in tune at that event. She really shines.

Of course I'm envious too, of those who got to see Dusty, but as we all are, so happy that they got that experience. And imagine getting to be in a film with Dusty! Can any other fans claim that, Mary?
