A download album was issued under the same title and with similar artwork on 24 July 2016. The download album, however, had 30 tracks by The Springfields and The Lana Sisters, rather than the 18 tracks that the vinyl has. Also, the artwork for the download album makes it clear whose recordings are comprised in the album. As I mentioned to another LTD member in a separate thread recently, it is hard to imagine that audiophiles are clamouring for 180g vinyl versions of recordings by The Springfields.

The 30-track version first appeared as a CD in February 2015.
