MissDustyFanatic

Where am I going?

Sounds like a re-release of something. I wonder why there are seemingly constant repackaging of her biggest hits when most previous compilations will have all the same songs anyway.

Good list...for being a basic greatest hits.

This track listing first appeared on the 2000 CD "Classic - Universal Masters Collection" and has since been re-issued as "The Colour Collection" and the German CD "Star Club". This further re=issue maybe a budget release on 'Spectrum'. Another CD for the completist.

Surely Universal could have issued a different CD for Dusty's anniversary

Universal are well known for 'milking' back catalogues. Mark my words there will be another 'greatest hits/best of' collection within 5 years!
