Mary sent me these and asked me to put them up; says they are the day after she met Dusty, and the shoes were as pink as the dress.
Enjoy! And I am sure Mary can answer your questions.

I reckon these weren't just the day after Mary met Dusty cuz they were taken in Japan. Musta been soon afterwards, though, and the dress still looks good.

Where did you get the pics, Mary?

Here's another from the same time. Dusty and Vic had flown to Tokyo after California and gave a press conference, I presume on arrival. There are other pictures around, including one of her sitting behind a desk. I can see them in my minds eye but right now I can't flippin' find them!

that first pic that Mary sent to Nancy...does Dusty's baby finger look extremely longgggggggg or is it another optical illusion??

How about the eyes 🙄 They would be my choice- since I can't sing the voice wouldn't help me much. But the eyes were so expressive. Always full of mischief, sparkle.
