A fuller version of the above....notice the pink and purple beads rather than the gold necklace from the EP cover.

Yep, that's the EP sleeve cover that I paid top dollar for, but it was worth it. 😊 Love the other ones too Nancy and Carole. Thanks for posting. 😊

Love the one above the one above, Dusty looks particularly happy there, I guess it was taken in New York as the top shot, but it looks more like a bridge across the River Thames in the background to me!, don't suppose it says where, I'd visit being a Dusty location!.....I vaguely recall 'Fab' magazine.....practically everything was fab in the swingin 60's, even Lady Penelope's car.....LOL!

FAB was a magazine, it later became FAB 208. I've always thought these pictures were taken in Hyde Park for some reason, possibly by the Serpentine but I've been wrong before 😊

Oh my!.....because the EP sleeve is 'in New York', I automatically assumed the photo was taken there and Dusty is gazing up at the Skyscraper's like a few other 'New York' shots I've seen!

Yes, it more than likely is the Serpentine, what with the Sothebys advert, and Hyde Park itself literally across the Street from Stanhope Place it all makes sense now!!

I wonder if those railings are still there!! 🙄🙄

That's always been something I've pondered over Matt 😊 When I first met Dusty in Blackpool, she was wearing a tight pink polo neck top, and later, after the show, I wanted to ask her how she got it off without wrecking her bouffant. I still wonder 🤔

Great one...I don't think I've sen that one before. It's the whole nine yards...the hair, the top, the necklace, the skirt, the stockings, the shoes. Sigh.

She looks like she means business there too!

She looks lovely in those pics and I especially like the close-up portrait with her hand to her chin, in which you can clearly see the colour of her eyes. Also,like the full length one in mono, and the 'Dusty In New York' cover, with her hand at her collar.

Iconic or what?

Definitely iconic 😊 Will, the close up is a blow up I did of the cover of All I See Is You. That was the only picture cover that we had for any of Dusty's singles in the sixties....in this country that is. Overseas, they had zillions!

Yes, they were both picture covers but O Holy Child wasn't really a proper single release Matt, not official that is, it was a charity record. And Bambino doesn't count as a Dusty single release now does it! 😊

She's a great little housewife, but sometimes she talks like a fool 😊 Me, I mean! Of course I have that picture you posted Matt. As it's been pointed out to me, I have all the Bulletins and it's in issue 59! It's just that I don't tend to use the pics I post from there, just go through my own stuff....and that's where the grainy copy is.
