I just came across this website: <http://www.readysteadygirls.eu/>

It's dedicated to European girl singers of the 1960s, and it looks really good!

Of course, it has an extensive page dedicated to Dusty, with a link to our website and forum! 🍷

And they announce under Coming Soon: Motown - an RSG tribute special 🍷

Great find, Corinna! 🍷 ...

Really interesting.
