News to me!! I have it on order from Amazon too but not had any notification of a delay or anything. And as you say the launch is next week. Very strange they should say that.

Simon just told me that the he's spoken to the company and the dvd is pressed and ready for release. Was it an email from Amazon that you got Graham or did you just try and order and were advised of a cancellation?

Last night on the Stuart Maconi show he reviewed the dvd!..saying it was out next week, along with Gerry & The Pacemakers, Hermans Hermits and the Small Faces...apparently if you buy all 4 as a set - you get a bonus dvd too. I couldn't sit through a dvd of Hermans Hermits - as much as I'd like

the extra dvd 😊

Hmm this is disappointing 😞

HMV in Cardiff have copies at £15 so presumably other HMV stores might well have it.

🤔 Isn't this the story of Dusty's later releases?..

It seems to me that if there is anything to go wrong, then it will. 🤔

Not that I'm bitter and twisted or anything...

Well...maybe slightly twisted. 😊😏

Lets hope that this is a blip, and nothing worse.

Surely, they expected to sell more than half a dozen copies?? 🤔🙄

Thanks for the tip off. Just looked and I have the same Amazon message about the delay. Maybe Frans ordered early on. I ordered just about a week ago.

I've just re-ordered from HMV for £9.99

I looked at Simon Bell's site the other day. The DVD has had high pre-sales which is great. Dusty is so hot! Looks like Amazon didn't order enough copies. BTW Simon and DustyOBE have already posted reviews to the Amazon site.

Good news from Simon:

Hi Nancy

Amazon now have more stock, those who had the problem can simply reorder.

The DVD was in my local store today, so there is no problem on distribution. It's more than 50% more expensive in store, so it's understandable that people want to order it from Amazon.

all the best

Mine arrived today too..and when I came in from playing golf, I sat down with a cuppa and watched it. 😊

What can I say..its good and anyone who loves Dusty should buy this DVD you will not be disappointed.

All Cried Out live is superb and its nice to watch all the Musical Express stuff.

The bonus tracks are pretty good to..they include the fabulous House is not a home and My colouring book.

Madeline talks alot about Dusty which is great.

And of course Simon and Burt talk too, as does the lady herself.

I like ICMEACTT without the clocks!!

I do hope this sells well and gives people who don't know about Dusty as we do, a great insight to the talent and greatness of the lady.

Its nice too not to have Vicki giving her 2pence worth..she don't get a mention 😊

They had one copy in my local HMV so I snapped it up!

What a luxury to see some of the clips only available so far on you tube to many of us!

My all time fave is Son of a Preacher Man on Ed Sullivan she looks wonderful and sings perfectly.

Loved the little cut away shots too from the vaults circa 67? of Dusty jumping off a plane etc. She looks so cool!

So nice to see lengthy interview with Madeline talking about the music and how hard she worked.

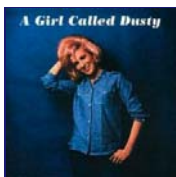

Forgot about some of those wacky hairdos from the Aussie Bandstand show !

A lovely booklet too, one of the best DVD compilations so far I think.

just finished watching it and I am now in heaven. what a treat. I especially loved "a house is not a home" why oh why didnt she record it. I also loved "my colouring book" I think Madeline is fab and she is such a great friend and so modest about herself whilst being so generous about Dusty. Simon as always was wonderful and again the respect and love they both show Dusty is something else. how lucky to have friends like these two. I love all the shows where she comes running through the band as this is how I remember her when I saw her. she rocks. 😊😊

I am a happy bunny tonight 😊

It was definitely a treat, there aren't enough superlatives to describe a lot of the tracks, especially 'All Cried Out.' Loved the photo on the back of the booklet too, not one that I'd seen before. Loved listening to Dusty talking, and to Madeline talking about 'Mary'. A great DVD to own.
