[SOAPM art print](#)

I've received an email asking if the following could be of interest for LTD, so I thought I'd put it up. Quoting:

"Sony ATV have put together an extraordinary collection of artwork from iconic song titles. The innovative series celebrates some of the most memorable song titles of all time including Dusty Springfield's Son of a Preacher Man.

The series is a limited edition of 9 prints, all officially approved by the estate and have a limited run of 150 copies. The collection of silkscreen prints of iconic lyrics have shaped our culture and defined a generation.

The artwork has been designed by one of the hottest young artists around Alex May Hughes.

The pieces of art are officially IPIA stamped with a Certificate of Authenticity. These artworks are priced at £225.00 (framed) and £150.00 (unframed) each."

The print can be bought at <https://www.itspopitsart.com/>

Personally, I'm not enough into typography to get a kick out of the SOAPM print, but 'I've been wrong before' 😊
