I hadn't seen these before, thanks for posting them, although they're very sad

I'd rather leave while I'm in love

I love the last two... like she's merging into the blackness of the background.

I'm just going to slowly fade from the light to the darkness, away into the shadows where you can't see me but where I'll always be, watching over you from a distance...

But that's just my mind and the way I see things I guess!! Does anyone know when they were taken?
