### [Six million dollar man lunchbox](#)

In the latest issue of the Atomic Ranch magazine, someone shows off his metal lunchbox collection (quite cute actually). And I noticed that one of the boxes has a Six Million Dollar Man theme on them!

Has anyone actually seen that film...? (And does anyone still have a lunchbox? 😊)

I don't have the lunchbox but I do have the pilot movie on DVD including Dusty singing the opening and closing themes, the primary reason I bought the DVD 😊

*"This rusty dusty heart of mine*

*How you've made it shine..."*

*"When in doubt, turn the echo nob up!"*

*"So you're the little lady who makes all the music..."*

OMG...those metal lunchboxes bring back groovy memories. 🍱  
I had one (it was *The Dukes of Hazzard*, though), but since we was dirt poor I qualified for a free lunch & never brought it to school.

The *Six Million Dollar Man* TV film that Dusty sang the theme for served as pilot to the TV series. Unfortunately Dusty's theme was replaced by an instrumental for the actual series. I definitely watched the TV show as a kid and may have watched the pilot film as well, since my mother dug all that Sci-Fi stuff. Same goes for *The Bionic Woman*.

...and the lunch box is LOOOOONG gone!

Just to remind us all of Dusty's theme song...

Wine Women and War Six Million Dollar Man Rar...

I wonder if this ever screened in Germany, I have no memory of it anyway. And my lunch box was made of plastic. 🇩🇪

Kitschy but catchy! Wish the audio for this would be issued on a Dusty product someday...
