This should be fun...

There's a new internet craze at the moment called 'Sleeve Face'.

What you need is a Dusty LP (or cd if that's all you have) and use the sleeve to create a picture using yourself of what is there.

So you hold the sleeve up in front of either you face, pets face, kids face, or other body part to complete the picture.

An example:

That is a brilliant idea, Steph. 🤔

Who's next?

And who is that in the sleeve face you posted?

Yeah they're my Broken Blossom-curtains 🍷

Anyone notice who's in the middle of the monitor? A fantastic picture, blending into the black background. Thanks to who-ever posted it!

And Marty, glad you liked the image. It belonged to Fraser. He took me up into his attic a few years ago and showed me several framed drawings he had bought (at various Dusty Days, if I am not mistaken, but Cas or Carole could comment more accurately on that) but he never hung them anywhere. When we were clearing his flat, I saw the one pictured, which had obvious sentimental value and Heather very generously let me have it. And it really is a lovely drawing.
