Dusty must have had lots of pictures taken of her on this day!

Absolutely adore this outfit- it's so pretty, especially with the pearls!

(Does anybody happen to know when the pictures of Dusty in this outfit were taken and what they were for? It's definitely something to do with the Hippodrome and I'd assumed they were from a press conference, but I'm sure I saw a picture somewhere of Dusty doing that press in an unusual silver outfit! Could anyone put me right on this please?)

Sarah, that photo was taken when Dusty made an appearance on Saturday Night Out which came from the Hippodrome. It was filmed for TV and shown the week after. That jacket was auctioned at Sothebys btw. The silver suit appearance was also from the Hippodrome about 3 months later, that was a press conference for the release of Sometimes Like Butterflies.

Dusty must've made a lasting impression upon Bobby Vee, as he picked one of her songs on 'The Tracks Of My Years'... Ken Bruce Show Radio 2, sometime this year.

Which song was it, Carole G?

I think she's singing the theme from Thunderbirds in the next to last picture.

In the final picture she is protesting about the high cost of petrol (almost 2/6 a gallon!) under the dreadful Labour government. Dusty ain't no socialist! She ends up stuck on a tandem which is not a step through model. Her little legs can't even reach the ground. She enlists the help of a well dressed for fun fan by saying 'Hello you bona omi, would you be so kind as to help me cock me leg over this bike. Thank gawd me gas guzzlin' sports car's round the back so I don't have to ride this blimmin' thing home tonight!' Something like that anyway.

I thought the last pic was the one of Dusty in the striped dress, I can't even see the bike one. Anyone else have problems seeing the pics or is it just me? I think the striped dress pic is from Thank Your Lucky Stars singing Middle of Nowhere, it's definitely her MoN hairdo.

Refresh doesn't work Nancy, nor does going in and out of the site. Just one of those peculiar things.

Dusty actually called me too! She thought phone bills were nuthin'. I remember because I'd been allowed to stay up to watch the Avengers (which scarred me for life). She said 'Don't believe what you read in the papers. It was just a roll but I whacked him right in the head from way across the room. That was what made me a fan for life. That perfect aim! She was better than Emma Peel any day!

I absolutely love the photo with Johnny Franz and for the first time I can actually see the detail on her dress, so I now love it even more! Apparently it quotes Dusty on the back of the photo as saying she loves the Victorian wallpaper effect of the dress. I've always thought she looked incredibly classy here and I think there were others taken at the same time with Dusty in a fur coat, Vic Billings was on some. I wonder how much this one will go for, some of these originals have sold for nearly £200.

I'm just editing because the more I look at the dress, the more I think I must have seen it better back in the day. Reason is, I actually made a dress in needlework at school which reminds me of that, I must have been influenced (as I usually was!) by Dusty. Now where is THAT photo?!

Absolutely not seen that one before Cas 😊 It was probably taken the same time as those shots of Dusty on Brighton beach near to where her parents live. Bet that one goes for a pretty penny. Wonderful.

Found the photo, brown with age but I'm sure I must have been influenced by the Dusty dress, even down to the frill at the bottom.

I've changed my mind. She's like a glam punk rocker in the last photo. Her different Looks through the years are fascinating. I think she looks like a haute couture punk in the panda eye days. She was cool and edgy. She still is.

Blimey! I was 'watching' that photo but in the end I didn't put a bid on it. WoW! That must be the highest price so far. Dusty is now in the upper echelons of collectorville. A great indicator. I wonder if this will tease out more great photos.

WOW! That was quite a price! Worth every penny I'd say...if you have that kind of money to spare!

I've never seen the first one before, it's hard to even tell what hair-do that is. Odd shot but nice all the same. The second one is similar to one I got from the Bulletin. In my copy Dusty is looking into her compact and the coffee is on the table. The lady opposite is Pat btw. As for the last one, not sure I've seen that exact shot but I almost posted one yesterday from the same time where she has her hand up to her hair and it's one I really like. Thanks for digging around Ebay again Casx 😊

Thanks, Wend - I just thought it gave the pic a different feel and put the focus squarely back on La Dust.
