Something For Nothing - Exclusive LTD Remix (#p36987)

by **humboldt** » Sun Oct 17, 2010 10:56 pm

Nancy thought that this deserved it's own thread so here it is.

Attached is a download link to an [exclusive](#) LTD remix of '[Something For Nothing](#)' that I asked a dear friend to make for all my friends on here. He's mixed both Dusty's & MFSB's versions and produced a masterpiece. We have it all to ourselves for a week or so before he puts it up on YT. I hope that you will love this as much as I do. Thanks for bringing this 'lost' song to my attention.

If you download the song please just post a few words as to what you think of it. I'll pass your comments on to my friend.

Fantastic orchestration combined with Dusty's voice, make a fabulous mix!.. 🤔👍

There is only ONE downside to this recording... and that is.. It totally gets into your head, in a *good* way.. 😊👑

Many thanks to John and friend. 😊

I was **blown away** by this remix - WOW!!! 🤔👍👍🎵👍

Dusty would have deserved a finished track just like this one to be released.

This is a great song! Thank you very much, John's friend, for letting us have your remix before it's put up on YT. And thank you John for putting it up here! Much appreciated! 🌟

Let us have the YT link once it's up there, so we can "Like" it!

Thank you for this great remix! 🤗👍

It's a very dramatic orchestration and you can hear every instrument so well 🎵 - even the bass drum! 🥁

So glad that you are all loving it as much as I do. I'm playing it at least once an hour. I had totally forgotten all about this song until it got mentioned here the other day. My friends YT channel is called BABYBOLLOX, check it out as he has lots of great stuff on it especially Motown & Dusty too 😊

🤔 I GOT SOMETHIN' FOR NOTHIN', the re-mix that is. Clumsy, and a little confused about MP3, extracting a compressed zip file, and such, but I seem to have managed it. (just so I got some more Dusty)

Thanks John, 🤔

Maybe your friend wants to play around with Dambusters and I'll Never Stop Loving You, too? 🤔
(See thread of similar name.)

Nancy, I have already asked but he's fairly certain that the tracks are far too different to match up.

I wonder if he's been able to match up the vocals with the MFSB version? It sounds to me like it's the original instrumentation when she's singing. This mix is quite excellent though. 🤔

He's used both Dusty's & MFSB's version to achieve his mix.
