Although the Amazon UK price for the Bartlett biography is £1.01 dearer than the special offer price from Robson Press, Robson is estimating the P&P costs at £3.20 as against free delivery from Amazon UK for UK purchasers, making Amazon UK cheaper by £2.19.

Yes, I've let the publisher know that. However, as Cor has explained to me, amazon extracts severe deals from publishers, and there is no way they can match it. I decided to go with the publisher to support them on publishing a book on Dusty.

well i just paid 16 quid on waterstones website, however I had a gift card for 20 quid that's been lying around since last year so I used that, so I kind of feel like I got it for free!

Only offer I'd accept is one free shot towards her head with the book itself.
