When it comes to pics of Dusty I tend to really be a 60's fanatic you could say and seldom waver...but...this one has always been a fav and I think it was Carole who first sent it to me years ago. Also I love one more which is the black and white one..its not a clear pic so if anyone can improve on it I'd be happy. How can you tell I've been looking through my files 🤔🙄

can't tell I am avoiding writing my study plan.

I don't know if I can explain why, but those two pics are so haunting for me.

The second one, in color, was on the cover of the DSB a year or two back.

I like her going back to the denim look of A Girl Called Dusty. Though I can't recall having seen her wearing denim on stage!

I think the Denim shoot was circa '95, there was a Daily Mail Weekend magazine interview about then when she was wearing the Denim, and i'm cross with myself for not keeping it, the B&W photo looks circa PSB time?!

It was an issue Mary had loaned to me and I just returned to her the other day....I'm sure Carole or Tom (among others) could tell us....In fact, maybe Paul has a back issue for sale! 🍷

Senior moment Cas, it's no 57! 😊

This isn't from the cover but a one I've had for a while, it shows less hair than the DSB cover.
