Please every-one don't vote for any of the others!

OMG!....I've never seen the last one before, that's the one I voted for, Dusty looks like she's been an extra on the Gerry Anderson sci-fi series 'UFO'.....anyone remember that programme?, Gabrielle Drake, etc; all in purple wigs, same style as that pic!!

I like pic 6., it's very mid 70's, though Dusty isn't smiling, her hair seems very natural.

I like all the 80s ones - some of the others are a little, shall we say, 'of their time' - But it has to be the last one - not a good look on anyone - even Gerry Anderson's Angels couldn't pull it off. To think it was red as well. Poor Dusty - she got a slating at the time for it too.

That's okay, Mads; it's bad enough in black and white.

Apologies for poor picture quality, but checkout Gabrielle Drake's wig in the top right pic, that's what I meant about pic. 15!!

LOL I am thinking no. 9 looks the worst, looks like pauline fowler out of eastenders (not that I watch it) Who killed her anyways?

Then again I am not so keen on the poody hairstyles either. The cute beehive would never let her down...

"To any-one who doesn't like Dusty's new record - it's beautiful. As for her appearance on Top Of The Pops - I'd be the first to admit it was the Dusty we know, but she did have the courage to try something different - at ?????? ????? give her credit for that."

Too funny, Cas19. I like it too. To me the red hair is just another little facet of Dusty's personality. I think it is lovely and warm. As you can from my avatar I, personally, enjoy seeing the "different" looks that Dusty tried. For me they tend to be more interesting than some of her m traditional looks but ALWAYS beautiful no matter the look. 😊

At long last someone who agrees, thank you Sean.

By the way Matt I wrote that letter to one of the musical papers. That was my photo and my letter that Sophie posted.
