Anyone ever wondered where this picture of Dusty clinging half way up a big gate was taken?

I can tell you that it's The Queen's Gate (no jokes please 😊) in Kensington Gardens.

And if you're thinking I was chicken and should have shimmied up there myself, I might have done but for the presence of these two and the fact that I wanted to go to Katy's party the next day!

Good one, Carole. Did you repaint it so it better matched your top? 😊

ah that's the tomboy in our Dusty 😊

...wow, your police cars are awful bright...I think the police cars here are dark colors so they can hide and jump out of the bush and grab you for driving a wee too fast 🍷

Police cars over here vary in their insignia and colour depending on which part of the country you're in.

I always thought she was so brave climbing up there, no way would i do that! If only the coppers weren't there Carole, would have loved to see you halfway up there 😊
