They say you shouldn't judge a book by it's cover but I think the cover looks fabulous and I've no doubt it's just a taster for what lies within. The revised hardback edition of The Complete Dusty Springfield is due to hit the shops on July 9th, with approximately 500 pages of text and three sections of pictures. I can't wait, for me it's an absolute must have.

Fabulous cover! My only question is whether to buy two copies...a working

one to mark up and one to keep pristine.

Kudos to Paul for this 2nd edition of a must-have for every Dusty fan.

I wish I'd seen this thread before I went hunting on Amazon the other evening looking for this book. I didn't know whether or not it had been released yet and could only track down what I assume was the original version of the book (which got fantastic reviews). So I can safely assume this is \*the\* Dusty book to buy?

And pardon my ignorance (well, I \*am\* a newbie!) but who is Paul Howes? I've seen his name mentioned a couple of times.

I think you assume correctly Will paul Howes is respnible for, amongst other things, the Dusty SDpringfield Be=ulletin, a magazine published three times a year. He's also reponsible for making many Dusty rarities available to fans. Others, Carole for one springs to mind, will know much more than i do, so keep checking this thread

In the meantime, here's info about the Bulletin, and you can order the book through here, if you subscribe, which I highly recommend.

Hi Will, Paul is what can only be described as a total EXPERT on all things Dusty! His archive is about as comprehensive as you can get and if it wasn't for him, we would not have access to many of Dusty's recordings and performances that were thought lost. He works constantly to keep her in the limelight. A new Bulletin is due out in two or three weeks and is really worth subscribing to. He hasn't ever written a bio on Dusty, his books are all about her music and anything you need to know about her career. Bio's? Well that's another story 😊

This is exciting news! The revised edition has been much awaited!

A young Paul Howes can also be seen on Ready steady go, where he wins a Dusty competition, and Dusty sings Losing you! 🎵

Go to our videos section here: <http://www.dustyspringfield.info/videos/> and search (Ctrl+F) for "Paul Howes"!

I didn't know that video section was there! And I certainly didn't know that Dusty did the theme for the Six Million Dollar Man - the things you learn lol.. I did watch the Reptutation vid on YouTube earlier in the week along with

Mary's meeting with Dusty, which must have been wonderful.

So can anyone recommend a good Dusty biography to buy?

I often wonder how things might be if Paul hadn't won that competition. Was it that that brought on the decades of devotion to Dusty's music and where would we be if Paul hadn't won?

Good question for Fluro to put to Paul. I somehow think he would have persisted, even had he not won...but I've been wrong before.

Oh, I'd say she was already under his skin by then 🤔 hence the drawing, and winning or losing wouldn't have changed a thing. Thank goodness 🤔

And I don't think you mean subcutaneously either, Carole! Not to be crude, but when I first started watching Dusty videos, I referred to it as "mainlining."

The new book is out! Paul has had his first delivery of books and should anyone wish to jump the gun and not wait for the books to hit the shops or for the order form to arrive in the next Bulletin, they can mail Paul on [dustybulletin@aol.com](mailto:dustybulletin@aol.com) for info. The book costs £17.50, which includes UK p&p, not sure about overseas costs. The price on Amazon and the description of the book are both wrong btw. Can't wait to get my hands on it! 🤔

The latest Bulletin is in the post, but fact that there's a one day postal strike in the UK tomorrow, may mean we have to wait a little longer for the it to arrive. How bloody inconsiderate of them 😡

I've got my copy and it looks brilliant, totally different from the original. It's quite a heavy book with tons more information and different pictures, some in colour. I've not had much of a chance to get to grips with reading it yet but it's just one of those books you just like to hold in your hand, it looks and feels so good 😊

I also meant to say that the forward from Petula is really lovely and moving. Amongst other things, she describes Dusty's "incredible voice", as "so distinctive, so sexy - it just didn't seem fair!"
