On 26 April 1966, Dusty Springfield was at #1 on the U.K. singles chart with “You Don’t

Have To Say You Love Me,” her only British #1. 🎵 😊 🎵

I remember this like it was yesterday. Of course at my time of life I'm good at remembering yesterday, it's today that I have a problem with 🤔

🤔 Back then I was 17.5, and all I thought about was getting laid. 🤔 (normal)

Late at night I listened to British hits broadcast on WBZ, Boston 🤔 'cause Cleveland wasn't with it !

The warm glow of the tubes from my Philco radio back-lit the room, and Dusty sang "YDHTSYLM". 🥳
