I thought I'd start a thread of Tom's stuff.

This is another part of Tom's shrine. He's not boasting about how much he owns, which I know he wouldn't, but he thought you might all be interested in the covers of the LPs from around the world. It's AMAZING!

Places will be done clockwise.

Germany / Australia / Australia / Australia

Australia (back) / Australia (front) / New Zealand / New Zealand

Holland / New Zealand / Holland / Holland

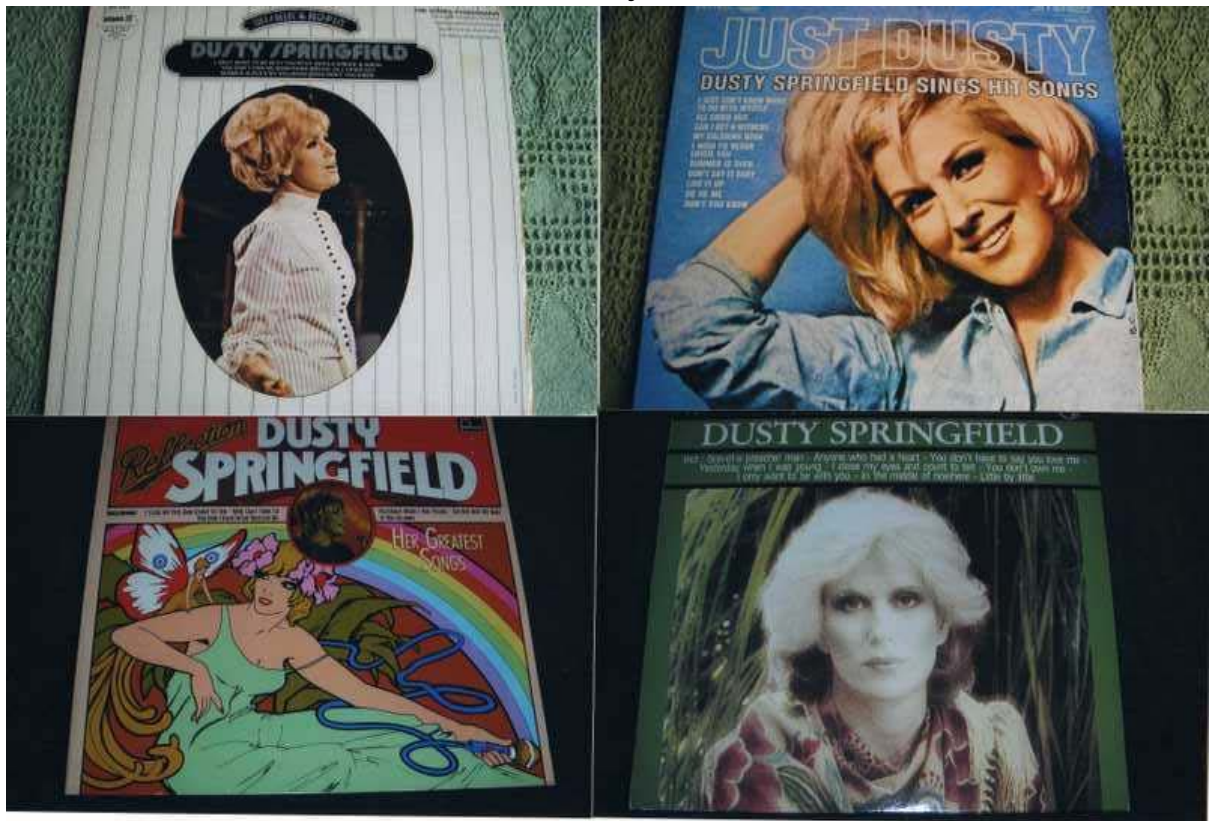

Holland / Holland / Holland / Spain

S. Africa / Brazil / S. Africa / Mexico

USA &amp; Canada / USA &amp; Canada / Germany / Greece &amp; Germany

Germany / Germany / Germany (front) / Germany (back)

Fabulous Tom! Some there I haven't seen before and I particularly like the (I think) Spanish one with Dusty from the Springfields days. I only have a poor quality copy of that picture and it's quite small, any chance you could scan just the picture please? And I love all the Girl Called Dusty denim shots, I think we need a thread with as many of the pics from that session as possible 🙏

Yes many thanks for posting Matt (and Tom) wonderful album covers. I haven't even seen some of the Aussie ones. I always look in old record shops etc, but no luck yet. Yes Carole I think we need a Dusty in Denim thread.

that's a great collection - thanks for posting, Tom and Matt. 😊

i hadn't seen several of those covers, either - i especially like the 'Wishin' & Hopin' sleeve, and the cartoonized Dusty - i shall have to keep an eye out for those.

My printer has packed up, trying to find time to get it fixed, but then I don't know how to scan and send attachments, etc.

I really must get some training, perhaps Age Concern Can Help ?

Thank you Matt and enjoy your holiday, keep an eye out for record shops !!!!

I have that same picture Cas, mine is in History of Rock with Dusty on the cover. Two such different "faces" from the same session.

Wow...I'm likely in the minority on this, but I liked the British/US cover of 'Cameo'. It's very distinct. But I have to say....I LOVE that cover of 'Cameo', from Germany, is it? It's a very classy picture of Miss Dusty. The Australian version, however..the actual photo of Miss Dusty in the cameo is a little jarring when I'm used to the drawing. Very interesting, though.

Just out of curiosity, since I'm relatively new to the site...who's the Tom whose collection we're talking about?

WoW! I haven't seen these album covers before. They're fabulous. I want 'Just Dusty' the NZ Fontana special and the Dutch 'Favourites' albums..now! And 'Love and Soul' is such a great title. But I can't go back to collecting records..or can I?

The cover of the Dutch 'Summer Is Over' album is intriguing. Dusty doesn't look happy, or in the moment, and that looks like a false smile. I wonder why they chose that photo to grace the cover...

LOL, Memphis. I hadn't noticed what you meant until I went back and looked at the 'Summer Is Over' cover. It almost looks to me like she's smiling and gritting her teeth at the same time like she's saying "Isn't this photo session over YET??"

Hi Taylor and Memphis

I've been a Dusty collector for nearly 50 years ever since I first heard 'the voice' in the Springfields.

I always think with vinyl LP records you get a good photo of the artist and you can read the sleeve notes not like CDs.

I've never liked that 'Summer Is Over' photo, If you look closely there is a spelling error in the titles listed on that sleeve.

Record Fairs were good places to get vinyl but the fairs are very rare now a days.

Hi Tom,

That's a great and beautiful collection. When I was in my teens I used to search around for '60s records. I remember finding a Dusty in French E.P. (I have a small French '60s collection - a Sandie Shaw E.P. and a French pop compilation being my pride and joy). Anyway, the Dusty E.P. was going to cost me around 50p or \$1. But the record had been too well played so I didn't buy it. Now I wish I'd bought it just to get the cover. (I have a strong memory of that record).

It was always the same for Dusty 7 inch records. They had always been played far too much. That's a mark of a popular artist. I never seemed to come across any Dusty albums apart from bargain price artificial stereo compilations which were always in terrible condition. I guess the best ones had been kept and were still being played until they died the vinyl death. Good old Dusty!

Wow Tom, that's some devotion...my hat is off to you! I started collecting Miss Dusty's vinyl about a year ago, so I've only got 49 more years to go to match your collection! 🙏👍

Hi Tom

No, I'm almost sure it didn't have that title but I could be wrong. It had a full face photo (black and white I think) on the front. I have a strong memory of finding that E.P. and checking the record but no memory of the title. 😞

I wonder if it was the French release version, which was just titled 'Dusty Springfield'. I've no idea what it looks like, though.
