### "Tupelo Honey" alternate take (#p50118)

by **Kyles Beguiles** » Sun Mar 06, 2011 5:18 pm

According to the Dusty "Bible" entry on "Tupelo Honey" there is an alternate take of the song where Dusty flaunts her head voice.

Does anyone have any additional information about this alternate take, whether it has been released officially or unofficially?

I like the fact that it's Sunday and you read your bible, Kyles! 😊🙏

I wish this alternate take would turn up, but I haven't heard anything about it.

I would think it's among many alternate takes of other songs (Oh No! Not My Baby, I Just Wanna Be There, I Don't Want to Hear it Anymore) which have yet to see a release. Sadly, I don't think they ever will, because we have the 'official' released versions. Maybe if there's a release/compilation of her alternate versions- and the Bible did say the alternate mix of I Just Wanna Be There (with a longer intro and stronger mix) was slated for release on a future Universal Records compilation.

I also suppose it would have to do a lot with rights/permissions to the songs. For instance, if said record company owns the rights to a song, what would it do for them to allow a release of alternate takes if the natural audience for such a release is only Miss Dusty's most passionate fans?

They could just do (counting heads...) 398 copies and let us distribute them! 🙏
