I was just watching the great DustysGotSoul channel on YouTube. The full version of this live performance was made available there in December but I haven't come across it until just now. I've only seen an excerpt before. This version is included on Paul Howes excellent 'Good Times' CD collection which was available through the Dusty Springfield Bulletin. I hope the various DSB collections will be available to all one day.

I have never attempted a Dusty Top 10 list. If I did this beautiful performance could well be at No. 1. That's how much I love it.

this is such a lovely song and she sings it beautifully as only Dusty can.
