Take a look at track B6 😊 Dusty had a habit of popping up when least expected 🎧

I bought the UK issue of this compilation when it came out in 1969. I only bought it because there was a Dusty track on it, despite the fact that I already had the track on Dusty..Definitely. In those days you could afford to be a Dusty completist because muti-artist compilations such as this one were a rarity. Also, I was young and foolish then.

I got rid of the bulk of my vinyl to Oxfam a couple of years ago. While I retained all my Dusty LPs, I rather suspect that World Star Festival was among the albums I got rid of.
