[new tv show about Dusty](#)

I was looking to see if anything new about Dusty was on the internet and found the following:

S TV will begin premiering new episodes of its Rock Legends series on Sunday, March 5. The slate of new episodes includes features on the Grateful Dead, Santana, Pearl Jam and many more iconic musicians.

Each Sunday AXS TV will air back-to-back new episodes of Rock Legends beginning with U2 and Red Hot Chili Peppers on March 5. The following week Pearl Jam and Johnny Cash episodes will be shown. Billy Joel and Bon Jovi will be the focus of Rock Legends on March 19 and Phil Collins and Radiohead will be profiled on March 26.

On April 2 AXS TV will premiere episodes on the Beastie Boys and Green Day and the following week it will air Dusty Springfield and Genesis episodes.

On April 16 Rock Legends will center on Jefferson Airplane and Santana and the current run of new episodes will conclude on April 23 with the Grateful Dead and Creedence Clearwater Revival.

Each 30-minute episode of Rock Legends relies on interviews, archival footage and live performances to detail the cultural impact of the artist being presented. Previous episodes have examined David Bowie, Janis Joplin, The Velvet Underground, Stevie Wonder, Jimi Hendrix and several others.

This channel is AXS and has had some really good music programs on as of late. Was surprised and happy to find out that Dusty will be featured. If you get a chance check out their programing

I also saw this online and tried to find out more. I've never heard of the TV channel and couldn't see if it was available in the UK. Do you know?

There's a part of you, that's a part of me...

It appears AXSTV is a US-based cable channel, available on selected cable systems. Alas, not on Spectrum (formerly Time Warner) here in NYC but available on Dish, DirectTV, and Verizon FIOS. Check the website for more info:
