As a newbie to the forum, I'm sorry if the question that I'm about to ask is covered elsewhere. If so, no doubt someone will point me in the right direction.

Is there a list of UK live concert dates that Dusty, as a solo artist, performed - eg theatres and dates on "package" shows and later solo headlining tours?

I remember seeing her at the Commodore Theatre, Ryde IOW one August, but can't recall the actual date. The programme (autographed) that I have doesn't give the date. I saw her in Kingston and Croydon a few times and luckily have details of those.

Also, and my memory is not too good, did Dusty appear in a Burt Bacharach tv special that was filmed by Granada at an old tv theatre in King's Road, London area? Mid-60's perhaps?

Sorry that was more than one question, but thanks in anticipation. P D J

I am sure there are folks who can answer your questions, but do you own a copy of the "Dusty Bible" by Paul Howes?

The special was The Bacharach Sound and it was done in 1965.

Nancy is right re a resource for tour/concert dates. The Complete Dusty Springfield has a comprehensive list along with TV appearances and song details. As for the Bacharach special, see the picture. Dusty sang (mimed) I Just Don't Know What To Do With Myself and shared Wishin' and Hopin' with The Merseybeats.
